

Scoot Award Chart Redemption Guide

1. Log in to flyscoot.com with your KrisFlyer membership details.
2. Select **'Redeem Flights'** and start searching for your flights!

The screenshot shows the 'Redeem Flights' section of the Scoot website. At the top, there's a greeting 'Hi! Sentosa Elisa'. Below it, the 'Redeem Flights' title is prominent. To the right, there are two radio buttons: 'Book Flights' and 'Redeem Flights', with the latter being selected. A yellow callout box with a red border points to the 'Redeem Flights' button, containing the text: 'You can now redeem your flights with KrisFlyer Miles! Find Out More'. Below the radio buttons, there are two tabs: 'Return' (selected) and 'One-Way'. The search form includes fields for 'From' (Singapore, SIN), 'To' (Tokyo, NRT), 'Depart Date' (16 Apr 2025), 'Return Date' (23 Apr 2025), and 'Passenger(s)' (1 Adult). A 'Let's Go! →' button is at the bottom right.

3. Select your flights. Miles displayed are for one-way Economy award flights (base fare only). Add-ons may be purchased separately for award flights.

The screenshot displays the '1. Depart - SIN to NRT' section of the Scoot award chart. At the top right, there's a dropdown menu for 'Fare (Lowest to highest)'. Below this, a calendar view shows dates from 10 Dec to 16 Dec. The 13 Dec date is highlighted, with a note 'No Flights' for 12 Dec and 'Sold Out' for 14 Dec. The main content area shows two identical flight options for Singapore (SIN) to Tokyo (NRT) on Monday, 1 Dec. The flight details include: SIN 01:40, NRT 05:55, Flight Duration: 4h 25m, and aircraft TR 734 (B787-9). The fare is listed as 'Economy 12,500 miles'. A 'Hide Fares' link is visible at the bottom right of each flight card.

4. Fill in passenger details. Scoot award flights can only be redeemed by you, the KrisFlyer member, for yourself and your redemption nominees. To add a nominee, please log in to your Singapore Airlines profile [here](#).
